### Abstract

This study focused on Bukidnon folktales. The term *Nanangen* is a Bukidnon or Binukid term for folktale. This gives emphasis on the hidden treasure of the *lumads* in Bukidnon, a Province in Northern Mindanao. Through library research, available books were discovered through online and printed materials of scholars who meticulously studied the natives of Bukidnon and the whole region of Mindanao. This study aimed to present the morphology of Bukidnon *nanangen* using Propp's Structural Model. Specifically, the study described the unique structure and the cultural constructs of Bukidnon *Nanangen*.

Lastly, this study aimed to document the unique characteristics of the Bukidnon *Nanangen*, unique culture of the natives and to preserve it as a national treasure

**Keywords:** Nanangen, lumads, cultural constructs, morphology, Propps's Model
